

Dated: 30th May, 2012

Dear Dhara Dedhiya,

I would like to express my sincere appreciation for the highly effective workshops, of -“ The Corporate Happiness Program ”, a Three Days workshop at Baddi, (30 employees), and Mumbai, (100 plus Employees) respectively, for the benefit of my team members of SSF Plastics India Pvt. Ltd., Mumbai, both of which were conducted in the month of May, 2012.

All the participants appreciated and benefitted through these workshops immensely, and I personally would like to convey that it was very successful in terms of your understanding of the challenges of our employees in personal and professional lives, with an overall self-development goal.

The most interactive, productive, and above all valuable sessions directed towards staff development, which we have engaged in, and I look forward to encouraging each of them to applying some of the techniques we learned through it into practice soon.

The workshop was directed with total efficiency and yet, in the space of that relatively short time, you managed to achieve a warm and genuine connect with each employee, making us feel relaxed about airing problems and helping us arrive at possible solutions.

Spiritual health and well-being is often neglected and this was purely an opportunity to offer this to my employees and in turn my organization's growth.

It was an inspiring opportunity and I wish you all the best!

Thanking you,

Yours Sincerely,
SSF Plastics India Pvt. Ltd.

Mr. Kapil Dhawan
